Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE INTENT. (1) The several states, including the state of Idaho, are not united, by the Constitution of the United States and of amendments thereto, on the principle of unlimited submission to the federal government. The several states constituted a general government by

compact for special purposes, delegating to that government certain definite powers, reserving, each state to itself, the residuary mass of right to their own self-government. Whenever the federal government assumes undelegated power, its acts are unauthoritative, void, and of no force. Further, the federal government, created by this compact, was not made the exclusive or final judge of the extent of the powers delegated to itself, since that would have made its discretion, and not the Constitution, the measure of its powers; but that, as in all other cases of compact among powers having no common judge, each party has an equal right to judge for itself, as well of infractions as of the mode and measure of redress. It is the duty of the state of Idaho to assure that the federal government conform to said compact.

- (2) The Constitution of the United States having delegated to Congress a power to "provide for the ... general welfare of the United States," and separately a power "to regulate commerce ... among the several states," does not extend to forcibly mandating, in any form, citizen participation in a national health plan, nor any mandated Form 1099 reporting contained therein, or any national or federal health scheme. And it being true, as a general principle, and one of the amendments to the Constitution having also declared, that "the powers not delegated to the United States by the Constitution, nor prohibited by it to the states, are reserved to the states respectively, or to the people, "the state of Idaho, therefore, on behalf of the citizens of this state and to secure the rights of said citizens, hereby asserts its legitimate authority to interpose between said citizens and the federal government and declares void and of no effect the act of Congress entitled the "Patient Protection and Affordable Care Act," Public Law 111-148, and Title I, and Subtitle B of Title II of the "Health Care and Education Reconciliation Act of 2010," Public Law 111-152, as well as all other Acts which assume to mandate and punish any citizen of the state of Idaho for choosing not to participate in any federal health care program.
- (3) The Idaho Legislature hereby declares that the state of Idaho, on behalf of its citizens, is the final arbiter of whether an act of Congress is unconstitutional and therefore declares that the federal laws known as the "Patient Protection and Affordable Care Act," Public Law 111-148, and the "Health Care and Education Reconciliation Act of 2010," Public Law 111-152, are not authorized by the Constitution of the United States and violate its meaning and intent, and further, are null, void and of no effect regarding any Idaho citizen residing within the borders of the state of Idaho.
- SECTION 2. That Chapter 90, Title 39, Idaho Code, be, and the same is hereby amended by the addition thereto of a <u>NEW SECTION</u>, to be known and designated as Section 39-9005, Idaho Code, and to read as follows:
- 39-9005. INVALIDITY OF CERTAIN PUBLIC LAWS -- PROHIBITION ON ENFORCEMENT -- PENALTIES -- ATTORNEY GENERAL. (1) The patient protection and affordable care act, P.L. 111-148, and title I, and subtitle B of title II of the health care and education reconciliation act of 2010, P.L. 111-152, are hereby declared to be unconstitutional, beyond the definite powers delegated to the federal government in the United States constitution and invalid in Idaho. Such public laws shall not be recognized by the state of Idaho and are null and void and of no effect in this state.

- (2) (a) No department or agency of the state of Idaho shall establish any program, promulgate any rule, policy, guideline or plan or make changes to any program, rule, policy, guideline or plan in effect at the time of the passage and approval of this act, to implement the public laws referenced in subsection (1) of this section;

Any person who violates the pro-

visions of this subsection shall be guilty of a misdemeanor punishable by imprisonment in the county jail not exceeding six (6) months, or by a fine not exceeding one thousand dollars (\$1,000), or both such fine and imprisonment.

- (5) The Idaho attorney general may provide legal representation to any Idaho resident aggrieved by any party who violates the provisions of this act. Such representation is necessary in order to preserve the rights and property of the residents of the state of Idaho, and to defend such residents in the event that any law or regulation violating the public policy set forth in this act is enacted by any government, subdivision or agency thereof. Any such legal representation shall be paid for by moneys from the constitutional defense council fund, subject to available moneys, as established in section 67-6301, Idaho Code.
